

ENGAGEMENT OPPORTUNITIES

The GEBG hosts an annual Global Educators Conference to convene educators from member schools and organizations around the world. This is the primary opportunity for organizations to join us and meet our community of educators. Through the following opportunities, we hope to showcase the range of support and services offered by providers that come recommended by our member schools, and to facilitate opportunities for schools to form new connections. Engaging with GEBG is an opportunity for direct dialogue with global education decision makers and budget managers.
