

Elementary Global Curriculum Summer Symposium
June 19-21, 2019

Program Description: The GEBG Elementary Global Curriculum Summer Symposium will focus on designing and implementing global curriculum that bring global perspectives and global issues into the classroom. Teachers and curriculum leaders will explore research around global competency frameworks (including skills such as collaboration, cross-cultural communication, and empathy) and examine examples of what this looks like in elementary classrooms from schools around the country. Faculty arrive with their curriculum goals and spend 3 days designing with global frameworks and global perspectives at the core. Participants from any discipline and any elementary grade level will leave with new curricular units designed to further individual school goals and to bring global citizenship into the classroom. Schools have seen greater impact when sending teams of 2-4 faculty members. Educators will gain practical tools, resources, and ideas to implement next fall in their schools.

AUDIENCE: Pre-K- 5th Grade Teachers and Curriculum Leaders

DATES: June 19-21, 2019

SCHEDULE: 3-8pm on Wed June 19, 8:30-3:30pm Thurs July 9, and 8:30-2:30pm on Fri July 10

LOCATION: Oakland, California - hosted at Head Royce School

COST: \$950 member schools, \$1100 non member school attendees. Housing not included but one dinner, two breakfasts and two lunches included

HOUSING: Due the costs of accomodations in the Bay Area, we have negotiated a group at the recommended hotel, The Waterfront Hotel, Jack London Square, Oakland, CA.

A discounted group rate of \$239 is available by calling 877-803-7534 and using the group name "Global Education Benchmark." Transportation will be provided from the hotel back and forth to the school.

To register: please visit www.gebg.org
